

### Passion of Christ Business Model

The purpose of this document is to define my [Sixteen Revelations Business Model](#) as the [Passion of Christ Business Model](#) (in a useful outline format), and to use that model, [my Bible Model](#), and the Scriptures in their original Hebrew and Greek language to show that there is [no Hell in the Bible](#). Two thousand years ago, God (the Father through his son Jesus Christ) really did save everyone from sin and death with “his” Passion (his finished work on “his” cross). With that work finished, his current work is our passion (our life in him). In other words, when we communicate with him he changes our heart. For you Bible scholars (like the Urim and Thumin communication stones at the center of Aaron the Priest’s Breastplate) our heart at the center of our breast is now the center of our passion (our communication and life in him).

### His Passion and Our Passion

It is all about communication: Jesus is the Word. There is no hell, because it is all about communication. Communication is at the center of that Breastplate. When I first heard only last month that there was no Hell in the Bible, I thought: “It is not in my Bible Model either.” Today, when reading about Julian of Norwich again in the daily lectionary, I realized it is not in my “Passion of Christ Model” either. The only place you can find it is in some later Bible translations that began to bring Pagan Greek thought into the Bible more than 500 years after the Church began. Our life in him is where we pick up our own crosses in his Body: the Church Business Model. In other words our greatest pain is sin, not hell, and our answer to sin is “our” Passion of Christ Business Model (our Business Model within the Church Business Model). It is also our answer to fear.

### Our Passion delivers us from Fear

Fear is the beginning of wisdom, but our communication with God eliminates fear. Because daily we face a refining judgment when we expose our heart to God, we will face the judgment without fear. When we realize that for our own good God controls everything we fear including judgment, we do not fear judgment. But, before we see judgment as good, we must realize that in the Bible there is no hell. Plus, in this age those who communicate with God experience judgment in that communication, and reign with him in the next age. There will be three harvests of sinners, and love wins all of us in the end.

### Summary: Passion of Christ Business Model

The purpose of this document is to define my [Sixteen Revelations Business Model](#) as the [Passion of Christ Business Model](#), and to use that model, [my Bible Model](#), and the Scriptures in their original Hebrew and Greek language to show that there is [no Hell in the Bible](#). Two thousand years ago, God really did save everyone from sin and death with “his” Passion. Now, a refined heart in our breastplate is our passion.
