

TeamsWin PowerMe –What Success Is

TeamsWin PowerMe – What Success Is

The purpose of this document is to repeat what success is generally and show how TeamsWin PowerMe is the best tool to define it specifically.

Like the Bible, we will begin by saying what success is and then spend the rest of the document defining it.

Success is getting your offering accepted. It is as simple as that, nothing more and nothing less. And, it's the meaning of life, knowing your acceptance. God wants us to be successful. He wants us to be excellent. He wants us to be graceful. He doesn't want us to do anything else. He doesn't accept anything else.

So we can know our offering is accepted, God wants to communicate with us. He wants to help us plan, help us do, and help us record so we will know our offering has been accepted. He wants to participate in our success. He wants to oil or anoint that offering. Everything he touches is excellent. He wants to accept our excellent offering. For one purpose, before time began he designed each of us. For that purpose, he designed our hearts to produce that offering. Then he died on the Cross so the Holy Spirit can shine and refine and reveal his design. He is that examination light on our hearts.

He wants us to continually examine our hearts. He gave us a lamp for that purpose, and he gave us a great tool turn up the intensity of that lamp. He doesn't force himself on us. We have to knock. We have to turn up the lamp. We have to give him something to work with. We have to know what we want, and he can't change a heart unless we first give it to him.

All he wants us to do is give him our hearts. We are already designed to do what we want. That's where TeamsWin PowerMe comes in. PowerMe helps us know what we want, in other words who we are. PowerMe measures our faith to help us tell God what we want to do with it. That's what he wants us to give him, what we want to do with our faith, our hearts desire. What we want to do with our faith is our love. He wants us to give him our love.

We really do sacrifice our hearts. We give them and they do not come back. We cut them open and they bleed life. The life comes out when they hit the light. We circumcise them and they are changed. We give him our hearts desire. We give him our love and he returns his in the form of our new heart's desire.

By the way his commandment is we love one another as we love him. He has designed our hearts to work together. TeamsWin stands for the teamwork part of the meaning of life. PowerMe stands for the loving God part. Because he designed us to work together, success is meaningless without teamwork. The teamwork process is almost the same as the loving God process above. TeamsWin PowerMe facilitates this process. It helps one communicate with God and other people. Again, TeamsWin PowerMe facilitates getting your offering accepted, the meaning of life.
